HISTORICAL APPROPRIATENESS PERMIT **2342 CALLE DE ARROYO**

**DISCUSS RENOVATION OF STRUCTURE ON PROPERTY
TO MEET ALL REQUIRMENTS OF OUR CODE 18.33
HISTORIC PRESERVATION**

CED Salazar – opened work session for the purpose of obtaining a historical appropriateness permit from committee.

Pat Taylor – read and explained proposed scope submitted by Querencia Mi Mesilla. The structure in location is expected to go back to 1850/1860. Not all the structure was build at the same time. Some additions to the structure where made 1960 & 1980.

The scope is to save this structure and restore many of its rooms as possible. Understand, some walls on the structure will need to be torn down and redone with the understanding that any salvageable adobe will be reused.

Work will begin on the northeast side of the structure. Work will be done in phases. The center part of the structure is not in great shape and not an original part of the building, proposing to reconstruct back to its shape as close as possible but it will not be exact.

Requested all phases be considered to be approved at once with the understanding that a follow up presentation will be done between each phase.

Yolanda Lucero / PZHAC Chair

Gloria Maya - Town Clerk
